WHEREAS, it is the intent and purpose of the Mayor and the City Council of the City of Blairsville to provide that commercial and non-commercial signs in the City of Blairsville be allowed under a permit granted by the City Council upon the terms and conditions provided in this Ordinance; and

WHEREAS, the City Council of the City of Blairsville, Georgia is authorized by the Constitution of the State of Georgia to enact ordinances for the health, safety and welfare of the general public, and

NOW THEREFORE BE IT RESOLVED AND ORDAINED by the Mayor and Council of the City of Blairsville, and it is hereby resolved and ordained by the authority of the same, that Sign Ordinance No. 2012-04 and all conflicting ordinances are hereby deleted in their entirety, and following is substituted therefore:

**ARTICLE 1
Short Title**

This ordinance shall be known and may be cited as the "Sign Ordinance of the City of Blairsville."

**ARTICLE 2
Purpose and Scope**

Section 2.1 The Mayor and City Council of Blairsville, Georgia find that adoption of sign regulations serves the following purposes:

1. The public health, safety and general welfare of the City is enhanced by ensuring the prohibition and removal of dangerous and unsafe signs.

2. Pedestrian and motorist safety is promoted by reducing and limiting the number and area of signs, which can unduly distract motorists and pedestrians, create traffic hazards, confuse motorists when such signs are similar to traffic signs, and reduce the effectiveness of signs needed to direct the public.
3. This ordinance is intended to promote attractive signs which clearly present the visual message in a manner that is compatible with its surroundings. The appearance, character and quality of the City are affected by the location, size, construction and graphic design of its signs.
4. The economic well-being of the City of Blairsville is enhanced by creating a more attractive city to tourists, and by preserving and improving the appearance of the city and surrounding area, thereby assuring that signs are properly integrated with and harmonious to the buildings and sites in the City.
5. The purpose of the City's elimination of billboards is to promote the safe movement of vehicular traffic, to reduce vehicular traffic, to reduce air pollution, and to improve the aesthetic appearance of the City.

Section 2.2 By enacting this Ordinance, the City intends:

1. To balance the rights of individuals, businesses, and government to convey their messages through signs and the right of the public to be protected against the unrestricted proliferation of signs;
2. To afford the business community equal and fair opportunity to advertise and promote its products and services without discrimination;
3. To preserve and promote the public health, safety, and welfare of the citizens of the City of Blairsville;
4. To improve traffic and pedestrian safety;
5. To maintain and enhance the visual environment, and preserve the right of citizens and visitors to enjoy the City's scenic beauty;
6. To protect property values of nearby public and private property by minimizing possible adverse effects and visual blight caused by signs;
7. To avoid the harmful aspects of the unrestricted proliferation of signs;
8. To promote economic development;
9. To enable the fair and consistent enforcement of sign regulations and
10. To promote the purposes stated in this Article by regulating signs based on objective standards, including, but not limited to height and size, and without regard to the content of the sign message.

ARTICLE 3
Statement of Findings

The City finds that signs provide an important medium through which individuals, businesses, and government may convey a variety of messages. Left unregulated, however, signs can become a threat to the public health and safety as a traffic hazard and a detriment to property values and the overall economic growth of the City of Blairsville as an aesthetic nuisance. (See, e.g. &, Scenic America, Billboards & Sign Control available at <http://www.scenic.org>; Jerry Weitz, PhD. AICP, The Public Purpose of Roswell's Sign Ordinance and the Implications of

Doing Without It: A Position Paper (December 7, 1999), available at <http://roswellgov.com>; Street Graphics and the Law, 2004 Revised Edition, Daniel Mendelker, Andrew Bertucci, and William Ewald.)

Based on the cited materials and the studies referenced therein, the City finds that unregulated signs:

1. Can be a safety hazard to drivers and pedestrians;
2. Can create unsafe, cluttered and aesthetically blighted thoroughfares throughout the City;
3. Can hamper economic growth;
4. Can lower property values;
5. Can adversely impact public investments;
6. Can degrade the utility of public safety signs; and
7. Can adversely impact the aesthetic quality of the community and surrounding environment.
